8' x 46" Original Hay Feeder

8' x 46" Big Country Hay Feeder

8' x 56" Big Country Hay Feeder

8' x 66" Bull Feeder

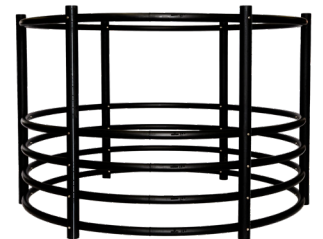

8' x 56" Cone Feeder

5' x 24" Small Animal Hay Feeder

8' x 32" Horse Feeder

8' x 66" Horse Feeder

Instructions:

Step 1: Cut "welds" from broken ring with a hacksaw or tool of your choice.

Step 2: Insert loose ends into the collar.

Step 3: With a $\frac{5}{16}$ " x 6" drill bit, drill through the collar and the ends of the ring.

Step 4: Insert hardware and tighten nuts.

NOTE: We suggest not using a cordless drill or impact; nuts should be tightened by hand.
